TRAIN REQUIREMENTS						
<p>Important Note: Please inform your vacation consultant if you are bringing a wheelchair on board one of our trains at the time of your booking. Wheelchairs on board our trains have to be tied down for the safety of other guests and our host team. Due to space constraints, our engineers may have to make modification to the seating arrangements of the train carriage on your journey and these modifications must be carried out well in advance of your travel date. Failure to disclose this information at the time of booking may result in Rocky Mountaineer denying boarding on the day of your travel. Rocky Mountaineer does not take any responsibility for disruption to your journey on this account.</p>

DISCLAIMER:

You are solely responsible for reporting any mobility issues that may require special attention while on a vacation with Rocky Mountaineer at the time your reservation is made. Rocky Mountaineer will make reasonable attempts to accommodate your special requirements, but is not responsible in the event it is unable to do so, nor responsible for any denial of services by hotels, restaurants, motor coaches, taxis, or other independent suppliers. Rocky Mountaineer cannot provide individual assistance to a guest for walking, dining, getting on and off motorcoaches, and other vehicles, or other personal needs. Rocky Mountaineer strongly recommends a qualified and physically able companion to accompany those who need such assistance.

Not all locations including sightseeing stops accommodate wheelchairs and some locations and sightseeing activities require extensive standing, sitting or walking, sometimes on unpaved or uneven surfaces. Rocky Mountaineer is not responsible for any missed activities due to a guests inability to participate. Most transportation services, including the touring motorcoaches and taxis, are not equipped with wheelchair ramps.
